

MARK II JR. SERIES CABINETS

Brooks' MARK II JUNIOR SERIES FIRE EXTINGUISHER CABINETS better fit today's extinguisher sizes. Cabinets feature injection molded ABS plastic construction, so they're dent-, rust-, and corrosion-proof. Each cabinet comes with a brass lock, a plastic cover, and a screen-printed pictogram on each side. Since they're light and nest easily together, freight charges are a fraction of what metal cabinets can cost. Mark II Jr. cabinets for extinguishers with a maximum height of 20". Priced per cabinet.

Features:

- M2JM only recommended for out-door use
- No glass to cause injury, no breaker bar to lose
- Comes with brass lock and all labels
- Costs less than metal cabinets
