

Drop-Ship Fees Waived on Brooks Orders During COVID-19 Crisis

We ship to Business and Residential addresses

For “social-distancing” reasons, many Fire Equipment Distributors are not allowing their technicians to come to the office to pick up parts. Also many end-user locations are turning away orders from UPS and other carriers. To help provide a solution, **we are waiving our Drop-Ship Fee during the COVID-19 crisis***. We will **Drop-Ship** any order to any **Residential or Business** address.

Provide any unique ship-to address, on any order, directly at www.BrooksEquipment.com

OR provide the shipping information to your Account Manager

**UPS residential fees and other accessorial fee still apply.*
